Tony, Mayor Ryan - Just a heads up.

Last night, we held an open house for the Morgan application. About 100 people attended (representing about 60 households). In addition to the comments on the proposal, some residents were speculating about "what's next" – what's going to happen with Swan's Marina and on the PHC lands?

This morning, Councillor McLean was in my office discussing the open house. I asked if he knew what was happening with the PHC lands, and he said "no – not really" but that he is hearing things anecdotally from the community. I felt he needed to know that we have had a pre-consultation meeting for the PHC lands. I described the concept generally as high rise residential with the provision of a significant amount of public parking in a structure but did not go into all the detail.

I know you have scheduled a meeting with the Ward 2 Councillors to discuss the Morgan application and the PHC lands. I hope my comment to the Councillor doesn't create an issue or undermine the way you wanted to deliver your message(s).
