Hi Tony,
Please see attached for your approval.
Karen – given the time sensitivity I have added Tony's e-signature so with his approval this can just be printed off.
Thanks!
Joanne

Hi Joanne, attached is the letter with some areas left for you to fill in. Kyle mentioned they will be coming in to the City at some point this afternoon but I do not know what time. If Tony is able to sign this soon, I could give it to Kyle to hand deliver to them.

Thanks so much!

Good morning Gentlemen,

We are submitting on behalf of our client Pickering Harbour Company the development proposal for the harbour with the necessary documentation tomorrow. As you are aware, part of the development is within lands owned by the municipality. Therefore, as discussed and agreed upon we are respectfully requesting a letter of authorization that states the following:

The City of Pickering authorizes the Pickering Harbour Company Ltd. and its Agent, The Biglieri Group Ltd., to include the city-owned parking lot lands adjacent to 591 Liverpool Road in their visioning exercise for the redevelopment of their lands at 591 Liverpool Road.

If required, you can add that - The City of Pickering would like consideration to be given to opportunities for including additional public parking in the proposal for the City. Actually, in our report we have

stated that 200 parking spaces would be provided in lieu of the approximately 70 parking on this site owned by the municipality. Thank you again for your time and cooperation in this matter.

Thanks,

Tony
